Study 3rd negative tax vote

Austerity measures are expected to be among the possibilities considered at 7:30 tonight when the Venice School Board canvasses results of Friday's special tax rate election. 348 to 221 defeat.

In addition to the cutbacks, potential topics include increased borrowing, a delayed start for next fall's school term, or initiation of talks on merging the Venice district with the

The rejection of an 80-cent education fund tax rate boost per \$100 assessment was the third negative vote in eight months.

A \$1.20, rate and 80-cent proposal failed in December. Suggestions of a 40-cent or 60-cent plan this time were not acted upon.

The margin of defeat Dec. 7 was only 250-211 but a 124-vote negative margin was the third negative vote in eight months.

The vote Friday carried the proposal to fall back to the 1973 limits where residents balked at the Eagle Park Acre Improvement Association budget, but convincingly defeated the issue in the Venice city polling place at the Park district recreation building.

The Eagle Park vote is 44

yes and 39 no votes, with 10 spoiled ballots while in the city polling place the vote totaled 306 no to 177 yes, with 19 spoiled ballots.

The education fund now remains at \$2.60. It was compared with rates as low as \$1.60 in Madison and Highland in an active opposition campaign spearheaded by Frank Reidelberger Jr., Venice school board member. He contended that the Venice district ranked as relatively wealthy in comparisons of assessed value per student enrolled.

Board President Leo Davison, who has announced plans to run for reelection to the school this year, contends that it may not be possible to keep the school district in operation in 1975-76 year.

Factors cited by school authorities include inflation, debt costs, and the higher spending per pupil necessary in small districts compared to large districts, due to differing class sizes.

John C. Pier plans to consult with school board members in developing a recommendation on steps to take in coping with the financial problem.

Some residents have voiced the belief or hope that additional state funding might be forthcoming.

VENICE SCHOOL ELECTION Friday saw a tax rate proposal rejected. Polls lay at the table, from the left front to rear, are Mrs. Paye Smith, Mrs. Jeannette Wilkinson and Mrs. Dorothy Koelker. Voters, standing

from left rear to the right foreground, are C. A. Riddle, Mrs. Ruby Haynes, Mrs. Harlin Hooks, Mrs. Delores Scaturo, Vic Gondolfo and Lou Scaturo.

'Tracks lower public confidence in state'

Race track ownership and race track property owners have been among the most extremely lucrative in Illinois. David Partney, one of 11 candidates for one of two Democratic state representative nominations, said he is, said today.

Because of which it spread so widely among state officials, and because horse racing is regulated by the state, the situation is an added burden to the public in its present "crisis of confidence" in government, the Granite City sheet metal firm official said.

During the campaign period, he has been discussing the family of candidate Dan O'Neill of Alton, who is a race track and land trust owner.

He said his check of state records indicates O'Neill has transferred track stock to his brother, Mr. and Mrs. O'Neill. Partney has been unable yet to find a record showing transfer of land trust holdings.

Partney commented today, "I am sorry Mr. O'Neill took offense at being questioned about his family's race track affiliations, but as expected they

are there and continue to be here in the track and those affiliated, it is called a 'cheap shot.'

"I do not intend to discredit Mr. O'Neill, and yet how does one get answers without questions? That is what special interest groups are running Illinois," Partney said.

"Mr. O'Neill failed to answer numerous questions about income derived from the race track or affiliated groups by the family, now, or in the past."

"That the race tracks need cleaning up is agreed to by Mr. O'Neill."

The race track stock ownership reaches, according to the Chicago Tribune, into the legislature, governors, judges, state department heads, chief marshal of a high court and a bank.

It is little wonder that an independent candidate, not sanctioned by these other highly specialized groups, can hardly hope to be elected over such tremendous financial odds.

"My pledge, while simple, did-furnished and maybe out-of-date, is to end crime and corruption in government and to represent the public at large."

"How do you get the public to get behind you, or believe you, when you say you'll be honest with them, fight for them and not be swayed by crooked

people?" Partney said he wants to see the race tracks of Illinois cleaned up more than anyone.

Approval by Smith workers

A three-year contract between A. O. Smith Corp. and United Auto Workers Local 715 was approved by union members in voting yesterday afternoon at the Granite City High School South gymnasium.

The vote was ended more than a month of negotiations on a new contract.

The old contract expired Feb. 14, but representatives of both sides agreed to extend it through Thursday when the tentacle contract was announced.

Details of the contract were not disclosed but officials said it called for increased wages and benefits.

Local 715 covered about 1,000 employees when the plant was at full employment. At present about 350 employees remain at work.

Cubcars were necessitated by reduction in orders for the car frames for larger cars the local plant produces.

The A. O. Smith plant, on Jan. 3, announced the layoff of approximately 800 production workers, or 80 percent, as a result of a cutback in the manufacture of standard size autos due to the gasoline shortage.

Mobile home fire

Half of a double wide mobile home was destroyed by fire at the Imperial Mobile Home sales lot on Pontoon Road in Pontoon Beach, Thursday. No one was injured.

Arson is suspected. Long Lake volunteer firemen extinguished the blaze.

Fee objections voiced

The vast majority of committeemen already expressed their support of this procedure.

"Over half of the letters sent out have been returned and

property marked as requested.

"The Madison Democratic Central Committee has constantly been striving to update its procedures for conducting primary elections to the extent that all committeemen can express their individual preferences and desires.

"To do this requires the cooperation and especially the understanding of such committeemen.

"It cannot be accomplished by misrepresentation and the use of half truths," Wolf said.

Johnson seeks rehearing

Madison County Associate Circuit Judge William Johnson sought a rehearing from the Supreme Court for a rehearing in a case in which Johnson sought a ruling that three candidates for two Democratic judicial nominations in Madison County should run at-large instead of for specific vacancies.

The high court ruling reversed a Sangamon County Circuit Court decision that candidates should run at-large.

Under the Supreme Court ruling, Johnson will be forced to run against one of the two incumbents who will be on the ballot challenging Circuit Judge Victor Mosele, while incumbent Judge John Gitchoff, seeking a second judicial post, will have no opposition.

Johnson said he is aware that his bid for a rehearing and any favorable results of his petition would be too late to affect the March 19 primary election ballot in his particular case, but that he felt the ruling violated the state and U.S. constitutions and therefore should be determined.

In a statement, Johnson said:

"On Feb. 25, I filed a petition for rehearing before the Illinois Supreme Court for the following reasons:

"I feel that the ruling was contrary to the law and constitutions. There was no record that I could find that the decision to appeal to the State

Board of Elections was made in an open meeting as required by law.

"The attorney general's office who represented the board in the circuit court of Sangamon County and normally represents state agencies in their proceedings, did not appeal the decision to the Supreme Court and I feel they thought the decision was proper.

"The State Board of Elections hired a private attorney and filed an appeal in the Illinois Supreme Court chief justice and three justices from the Cook County area. The next communiqué from the Supreme Court was a copy of their order dated Feb. 5, stating that the case was of an emergency nature and parties to file briefs with each justice at his home office on Feb. 10.

"The next information was received by my attorney on Feb. 8, the day after the brief was due. The only notice we had of any pending appeal and order prior to Feb. 9 was from the board's private attorney. Roger R. Dill, who we learned in brief in the two days and filed it with the justices.

"The Supreme Court decision is not one that would have made in my court, but their decision is the supreme law of Illinois and is to be respected and obeyed. I shall obey it."

which reversed the circuit court decision. The Supreme Court clerk did not contact us of any decision, only because we did not file it. Supreme Court reversed the circuit court and required a "head-on-head" run for the judges, rather than the voters given the choice to select a judge at a time.

"The Supreme Court in its statement said that an opinion of its reasons was to follow. I examined the file on Feb. 25, and did not find any opinion made as of that date, even though the case was of an emergency nature.

"A brief by the State Board of Elections was not found in the file, if any was filed.

"I feel that the action at this time by the Supreme Court would not be in time to give me relief in this election, but I feel the decision was contrary to law and the constitutions and parties to file briefs with the Supreme Court to reverse their decision and affirm the decision of the Sangamon County Circuit Court.

"The Supreme Court decision is not one that would have made in my court, but their decision is the supreme law of Illinois and is to be respected and obeyed. I shall obey it."

Venice Cub Pack 107 honors late Dr. Lee

Jack Lee, son of the late Dr. John E. Lee of Venice, received a plaque honoring his father from members of Cub Scout Pack 107 at the group's Blue and Gold banquet last week in the Venice Recreation Center.

Dr. Lee formerly was a member of the executive board of the Cahokia Mound Council and served as a merit badge for the citizenship merit badges.

Tim Scaturo, Percy Wilkerson Jr., and Mrs. Percy Wilkerson and Greg Faith opened the meeting with a flag ceremony.

Venice Acting Mayor Lloyd Patterson presented citizenship awards to Faith, Wilkerson Jr. and Scaturo. The latter two also received the arrow of Light.

Lloyd Blumentock received his Webelos colors and Frank Wilkerson received his Bear badge and a gold arrow.

Wolf awards went to Darwin Freeman, Eddie Beck, Larry

Hartman Jr. and Stephen Blatz.

Ronald Beuchele receives his Bear badge and a silver arrow.

Scouts receiving one year service stars were Mr. and Mrs. Harold (Kate) Beuchele and Mrs. Jeanette Wilkerson.

Two-year stars went to Cubmaster Percy Wilkerson Sr. and Mrs. Dennis Scaturo.

Appreciation awards were presented to Mr. and Mrs. Beuchele, Mr. Jan Blatz, Mr. and Mrs. Wilkerson Sr., Mrs. Scaturo and Blaze Majors.

Special awards for the dinner included a Venice City Council members, Edward H. Buente, George Mangiaracino, Angelo H. Svezia, Oscar King, Tyrone Echols, Louis Rallif and John E. Lee.

Other guests included Mr. and Mrs. Mike Ebersoldt, Mr. and Mrs. Ronald Luebben, Mark Yehling, Ted Scrum, Leroy Jones, Mrs. Beulah Williams and Mrs. Vee Throne.

The interclub dinner was presided over by Father John O'Connell of St. Marks; with the benediction by Rev. Ronald P. Cooper of the First Baptist Church in Venice.

The Venice Mount Indian Dancers of Collinsville under the direction of Frank Joachimsthaler provided the entertainment.

Broad state plan to protect environment

Gov. Dan Walker has just outlined six major objectives of the Illinois environmental protection program for fiscal 1975.

1. Establish and implement a new wastewater discharge permit system to put industries in the state on a schedule to comply with clean water standards by 1978 to meet federal deadlines in 1977 and 1983.

2. Launch new research projects to find ways of using Illinois coal without polluting the air.

3. Create \$100 million of new revenue bonding authority to finance pollution control equipment for industries, particularly those seeking ways to use Illinois high sulphur coal. This would be in addition to \$100 million of general obligation bonds for coal development projects.

4. Increase from 125 to 165 next year the number of community sewage treatment projects which would receive state or federal assistance during the year.

5. Develop guidelines to reduce the cost of preparing environmental impact statements for projects using public funds.

6. Complete development of programs for state government, traffic and airport noise.

The environmental protection program is administered by four agencies. Gov. Walker said appropriate sought are:

— \$250,400 for the Environmental Protection Agency, the enforcement arm, an increase of \$30,256,000 (mostly in grants to local-level governments) 14.9 per cent.

— \$21,321 for the Pollution Control Board, the pollution court, an increase of \$10,000 or 1.3 per cent.

— \$1,557,100 for the Institute for Environmental Quality, the research arm, an increase of \$4,700 or 2.8 per cent.

Walker said the fourth agency, the Illinois Industrial Pollution Control Financing Authority, which administers revenue and authority for industrial pollution control equipment, does not receive appropriated funds.

The authority expenses are paid from service fees charged to companies. It expects to increase its income from \$166,000 in fiscal 1974 to \$487,600 in fiscal 1975.

Gov. Walker said he will seek an additional \$100 million in revenue bonding authority to help industries finance equipment that can burn Illinois coal and still meet clean air standards.

He singled out the water pollution control permit process which the Illinois EPA is planning to implement in 1975 as having the greatest impact in the state on the improvement of the Illinois environment.

He said, "The state EPA will begin issuing permits to all wastewater dischargers."

The permit program will help insure protection of all industries in the state to develop a compliance plan they will follow in cleaning up their wastewater.

"We realize pollution of our waterways is not happening overnight, and we cannot expect to eliminate that pollution overnight. The compliance plans will allow industries and municipalities to get on a way to clean up their waterways as quickly as possible to control pollution."

The Illinois EPA also plans to issue 194 permits under the existing permit and land permit system, an increase of 3,845 over fiscal 1974.

Gov. Walker said the state EPA expects to fund sewage treatment construction projects in about 165 communities, an increase of 40 over the current year.

The budget narrative indicates 190 projects will be funded this year and 270 next year. Projects in some communities will be broken down into more than one "project" for budgeting and accounting purposes.

6. Create a single water pollution problem in the state is inadequately treated municipal sewage. This grant program will help local communities upgrade their sewage treatment plants at a faster pace and hopefully clean up our rivers and streams sooner," the governor said.

In the coming fiscal year, the Institute for Environmental Quality, the enforcement arm, will increase its research efforts to examine technologically feasible methods of controlling sulphur dioxide caused by burning Illinois coal.

7. The Institute will be in addition to a demonstration project the Institute is supporting at Southern Illinois University's Carbondale campus, the coal "scrubber."

The scrubber is designed to make the air more efficient. It currently available air pollution control equipment which allows burning of high-sulphur Illinois coal without causing serious air problems.

If successful, the work of the Institute could be widely used to assist the Illinois coal industry in its search for strong, long-term markets for Illinois coal and to help the state meet its continued improvement of air quality throughout the state, he commented. In addition, the Institute will develop guidelines required for the coal industry to implement environmental statements and study the possible simplification of currently complex permit procedures being used in the state's environmental protection program.

Walker listed as further EPA objectives:

1. Conduct a systematic search for unknown public water supplies and insure that

citizens served by those supplies have safe drinking water. As many as 200 public water supplies may be operating in Illinois without state monitoring and regulation.

2. Because of the health hazards and the water-borne diseases that can be transmitted through drinking water, it is important that the Illinois EPA know of all public water supplies.

3. Once the state EPA is aware of hazards, we can offer assistance and regular testing of the noise in the environment.

4. Draft new regulations to help insure protection of citizens from toxic air pollution caused by lead, mercury and hydrogen sulfide.

5. The Illinois EPA will assist communities by offering technical training in measurement of noise and in legal application of state noise control regulations.

6. Walker said that in calendar 1973, the Illinois EPA began a concerted effort to assist local officials in responding to spills of dangerous chemicals.

EPA will also respond to noise pollution incidents

caused by spills of chemicals.

An example of a hazardous material spill which could have affected Illinois citizens was a 1972 oil accident at the Springfield refinery last June when a truck of hydrofluoric acid overturned, closing Interstate 55 for 21 hours, the governor said.

7. Hydrofluoric acid can cause blindness and nerve damage.

But the fast response of Illinois EPA engineers to the accident helped officials find the safest ways to deal with the hazardous chemical. The refinery was opened without permanent injury.

Walker added that the first statewide noise pollution control regulations in the nation was adopted in 1973.

8. "The much noise can cause emotional distress and high blood pressure as well as permanent hearing loss.

"The ear does not bleed when it is hurt or damaged. If it did, we would be able to get medical help for noise control," he said.

9. The POC adopted noise regulations after 16 public hearings throughout the state.

assuming certain responsibilities in controlling noise pollution problems.

Noise from stationary sources is often exclusive to a local problem, and the Illinois EPA will be preparing a model ordinance next year to assist local communities in dealing with their noise problems, Gov. Walker said.

10. The Illinois EPA also will assist communities by offering technical training in measurement of noise and in legal application of state noise control regulations.

Fund use prompts SIUC audit

Daniel Orescanin, executive vice-president of Southern Illinois University at Carbondale, has been tentatively granted a request to be re-appointed as a professor of school of business and administration with a salary of about \$4,000. The action is subject to approval by the SIU Board of Trustees April 14.

Orescanin, who also was vice-president for administration and campus treasurer, came under fire when it was alleged about \$3,600 had been taken into the school's office functions account from a restricted account of appropriated funds.

President David Dergé of SIUC said he left the funds

should have come from the SIU Foundation rather than from a restricted account. Which account provided the funds was not disclosed.

The Official Functions Account is under the control of Dergé and is used for receptions and other administrative functions.

Dergé said at a news conference yesterday that he believed Orescanin was guilty of fund misappropriation and felt he should be held responsible for the issue stemmed from an error in judgment.

Dergé and Ivan Elliott, chairman of the SIU Board of Trustees, who also was present at Thursday's news conference, said they wanted to wait for an audit of the university's funds before determining if other

actions are warranted.

The audit is to be conducted by Clifford Burger, financial officer on the board staff, and results are expected to be announced this week.

Dergé said plans have been made to fill the post of executive vice-president. Orescanin's functions as vice-president for administration and campus treasurer will be filled temporarily by Dale Knight, campus controller, Dergé said.

North student wins art grant

Eugene L. Aiassi, administrative consultant of Art Education for the Granite City School District, today announced that Miss Darnell Langston, junior-art education major at Granite City High School North, is the recipient of the Nameoki Woman's Club art scholarship award.

Miss Langston is the daughter of Mr. and Mrs. Rowland

Langston, 2164 Miracle Ave. Through the grant, the local student will attend a one-week training course in art at the Allerton House, University of Illinois Conference Center, in July.

The school is conducted by the Illinois Federation of Women's Clubs, of which the Nameoki Club is an affiliate, and the University of Illinois Division of

University Extension. Aiassi was notified of Miss Langston's selection by Mrs. Donna Shaffer, president of the Nameoki Club, and Mrs. Bess Weis, art chairman.

In the event Miss Langston is unable to attend the U. I. instruction program, the sponsoring club has chosen Miss Judy Peterson as the alternate recipient, Aiassi said.

60 at Presbyterian Women's event

Mrs. Marie Gordon, a guest, reviewed "The Thurber Album" at the United Presbyterian Women's "Guest Day" event held last week at the First United Presbyterian Church.

Mrs. Peggy Worley, involvement-in-action coordinator, introduced the guest speaker.

Sixty members and guests attended a 12:30 salad luncheon prior to the afternoon program. Mrs. Gladys Pape, president, was in charge and offered the welcoming remarks.

Mrs. Virginia Rickert, coordinator of mission interpretation, reported on a visit to the Colonial Haven Nursing Home in conjunction with projects of the Quincy City Council of Women United organization.

She also announced the UPW's anniversary party is scheduled for April 3 at the church.

A prayer for missionaries of the day was given by Mrs. Rickert to conclude the program.

FORMER RESIDENTS NAME DAUGHTER JULIE LYNCH
Mr. and Mrs. David Lynch, 720 North 4th, Anderson, Ind., announced recently that they became the parents of their second child, a daughter, on Feb. 26 at St. John's Hospital in Anderson. TO MARRY Miss Sherri Heidbreder, whose betrothal and forthcoming marriage to Mike Hildebrand are being announced by her parents, Mr. and Mrs. Frank Skinner, 2425 St. Clair Ave. A June ceremony is being arranged.

Sherri Heidbreder is bride-elect

A June 29 wedding date has been set by Miss Sherri Heidbreder and her fiance, Mike Hildebrand.

Their engagement is being announced today by the bride-to-be's parents, Mr. and Mrs.

Frank Skinner, 2425 St. Clair Ave.

The prospective groom is a son of Mrs. Roul (Emma) Bell of Glen Carbon and Thomas Hildebrand of Granite City.

Miss Heidbreder is a 1973 graduate of Granite City High School and presently is attending Southern Illinois University at Edwardsville. She also works at Howard Johnson's Restaurant in Alton.

Also a student at SIU at Edwardsville, Hildebrand was a member of the Granite City High School. He is employed at National Food Store in Granite City and resides at 4734 zinc Drive.

Plans are being completed for the wedding ceremony at the SIU Religious Center at Edwardsville.

MRS. HARLAN JACKSON, the former Miss Dorothy Jean Young, who was married at Unity Chapel, Village and Stratford lanes. She is a daughter of Mr. and Mrs. William Long, 604 E. Chain of Rocks Road.

Dorothy Long becomes Mrs. Harlan Jackson

Mrs. Dorothy Jean Long, a daughter of Mr. and Mrs. William Long, 604 E. Chain of Rocks Road, became the bride of Harlan Jackson, son of Mrs. Rose Jackson of Raymond, Ill., on Feb. 15 in a candlelight setting at the Unity Chapel, Village and Stratford lanes.

The Rev. Harvey Hunnes performed the double ring ceremony at seven o'clock in the evening. Everett Steele presided at the organ, furnishing a program of musical numbers.

For her wedding, the bride chose a Chantilly lace gown in an A-line silhouette designed with an Empire bodice featuring a high scalloped neckline with a beribboned trim.

Bishop sleeves set into the fitted bodice formed points over the hands. Her slightly full skirt of white lace was lined with blue satin and swept into a chapel length train.

Lace flowers centered with blue Venise lace joined the bride's headband to secure her elbow length veil.

Mrs. Nancy Long, matron of honor, wore a sleeveless, Empire style dress created in blue chiffon over taffeta, complemented with a long sleeve bolero jacket of satin in a matching shade.

New regional crown buoys Venice High five's state title hopes

RON HENRY, star 6-7 center of the Venice High School Red Devil basketball team.

Impressive semifinal wins by Trojan, Red Devil squads

Victories by Madison and Venice Thursday evening in the DuPage Regional Cage Tournament advanced both squads to the finals, assuring that the tournament crown would return to the Fox Valley area.

Madison earned its berth in the finals by stopping the St. Henry Eagles 69-56, and Venice was a 70-59 victor over Lebanon. The Madison Trojans opened with a 20-point win over Lebanon in the first period with 20 points for each team in the second period brought the half-time score to 30-19.

Madison increased its lead with 21 in the third period to 18 for the Eagles, but St. Henry's Kevin Lloyd sank seven field goals in the final period to threaten the Trojan lead. St. Henry scored 11 points in the last quarter to 18 for Madison.

The Trojans sank 27 field goals to 24 for St. Henry. From the foul line, Madison hit on 15 of 24 attempts, while the Eagles made good 18 of 16. The squads remained near even in foul counts, Madison having 15 called and St. Henry 16.

Trojan high point honors went to Chris Stanley with 10, Ron Glavin with 9, John Henke with Kelvin Boyd, 12, Darrell Franklin five, Alvin Wigfall and Mike Walker two.

For the Eagles, Lloyd was high point, followed by Don Rousseau with 18.

Venice Red Devils fans went

through a period of tension

before the scoreboard showed the final victory 70-59 over the Lebanon Greyhounds with only 3:17 remaining in the game, the Greyhounds had trimmed their deficit to four points, but Lebanon had two more points out of the game and Venice quickly added a margin of padding to its score.

Venice aimed its defense against Lebanon's Bill Perkins and John Henke with Burns took full advantage of the situation to earn 24 points, 13 in the final quarter as his squad trimmed the Venice lead. Both Perkins and Henke were victims of foul trouble shortly before the game ended.

Quarter scores, with Venice leading in each period, were 20-9, 36-23, 51-37 and 70-59.

Ron Henry was high point man for the Red Devils with 19, J. B. Harmon with 12, Mike Logan seven and Reggie Gardner six.

The Red Devils earned 23 from the field, including 24 of 31 free throws, Lebanon with 20 from the field and nine of 16 from the line. Venice had only 15 fouls compared to 23 for Lebanon.

Thursday night at the Triad Regional Tournament, Warden advanced to the finals with a 71-58 win over Marquette of Alton, and St. Paul of Highland was victorious in the semifinal round with a 73-69 win over Lebanon.

At the St. Elmo Regional the

same evening, Patoka earned an upset 67-55 over Vandalia to advance to Friday's finals.

Rally too late by South sops

The Granite City High School South sophomore cagers fell 19 points behind East St. Louis in the first quarter, but Patoka took full advantage of the situation to earn 24 points, 13 in the final quarter as his squad trimmed the Venice lead. Both Perkins and Henke were victims of foul trouble shortly before the game ended.

Quarter scores, with East St. Louis leading in each period were 22-14, 46-41 and 79-64. Diane Rhodes lead the Granite City scoring with 28 points, assisted by Joe Ingram with 14.

Warriors finish seventh in state Class AA wrestling tourney

Once all-conquering in Illinois High School Association wrestling, the Warriors of Granite City almost duplicated that feat Friday and Saturday at Champaign—despite the effect of the establishment of two separate high schools here since 1973-74.

GCHS South High finished seventh in the state tournament, won by Olympia Fields (Rich Central). GCHS North's Steelers also were represented in the state meet.

Because South had so many capable wrestlers at the state meet—seven who qualified in the sectional and Jim Caschetta substituted for the injured Edwardsville wrestler—the Warriors had a real chance at capturing a second state crown. However, not enough qualified for the final round of competition.

Highest individual honors accorded Warriors were: fourth place—Brian Wilson, 155 pounds; fifth place—John Niebur, 119 pounds; and sixth place—Woody Halbrook, 98-pound division.

GCHS South scored 21½ team points.

Olympia Fields tallied 41 points, Oak Lawn 31, Joliet West 30½, Elk Grove 30, East Leyden 28½ and St. Charles, 27½.

The Warriors moved into an early first-round lead in the Class AA (large school) state meet Friday, with five points attained by their eight entries.

North High's lone representative at state, Rudy Pyle, 112 pounds, earned one team point with an 8-3 decision

over his first-round foe before losing 2-0 in the quarterfinals. He was eliminated when he lost 4-2 in his first consolation bout.

Wilson lost 21-6 but beat two of three consolation foes. He bowed 1-0 in his quest for third place.

Niebur lost 7-2 but then captured three of four consolation bouts.

Halbrook won 14-2 and 15-4 but dropped into the consolation bracket on a 10-4 semifinal loss.

In his final consolation match, Halbrook defeated when he suffered a dislocated shoulder. He then finished sixth when he had to forfeit the fifth-place bout because of the injury.

Caschetta (105 pounds) lost 1-0, Phil Lapinski (112) won 2-1 and then lost 5-4 and 2-1.

Don Heath (126) won 8-3, lost 8-4 and then dropped his first consolation bout.

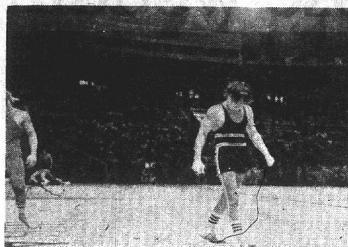

Don Hasty (138) lost 15-2 in the first round.

Dave Rushing (145) was outpointed 11-1 in his final match.

"All conditions were right for a victory," commented Warrior Assistant Coach Dale Rice, "except the state of mind of each individual."

Another example was Rushing's loss. He was defeated by a boy whom he had beaten in regular season competition.

"Our wrestlers came here thinking they were meeting something different. Many of these wrestlers are in the same ones we met during the season." However, the experience could aid South's state hopes a year from now.

FOURTH-PLACE in state wrestling competition, Brian Wilson of GCHS South, 155-pound sectional champion, concludes his final bout at Champaign Saturday. (Press-Record Photo)

Lancers end South's regular cage season: 14 by Rhodes

The Warriors of Granite City High School DSouth ended their regular season Saturday night, losing here to Belleville East 73-49.

The Warriors' record now is 1-21 as they prepare to meet GCHS North at 7:30 p.m. tonight in the first game of the Class AA regional tournament at the

South gymnasium.

Led by Freshman Dave Hines with 14 points, South trailed by 10 points in the quarters, 18-13, 42-31 and 57-31, but out-scored the visiting Lancers in the final period, 18-16.

The Warriors tallied 16 field goals and 17 free throws and fouled 25 times.

Funny cars highlight races here yesterday

Warm weather was a boon to St. Louis' International Raceway's grand opening yesterday as about 2,000 fans and 400 racing cars swarmed to the track south of Madison for the day-long races.

The day's events were highlighted by a best of three matching between Curt Wasson's "Superstitious" funny car and Ira Hollensby's "Screamer," a nitro-methane fuel burner funny car.

Bad luck took turns with the two racers, who is from St. Louis, won by virtue of the least bad luck, his carreaking down on the first run and Hollensby losing through mechanical failure in the final two.

Pro-stock action also was

featuring as Fred Shafer of Granite City was the winner in all three runs between his Vega and a new Vega pro-stockster built and driven by Rich Thomas of St. Louis. Shafer's fastest run was 9.39 seconds in the first run and 9.37 finishing at 146.58 miles-per-hour.

Bill Rowe of St. Louis won the new super street eliminator bracket and Ray and Mike Crain's "Underdog" car was the winner in the stock bracket. David Johnson of East Alton survived from a field of about 40 cars to win the electra eliminator money.

Pro-stock action will be featured next Sunday with Shafer now the man to beat. Gates will open at 9 a.m. with eliminations starting at 2 p.m.

Cars stolen from campus

Two automobiles reported stolen Feb. 22 from parking lots on the campus of SIUE have been recovered in East St. Louis, according to security police.

The ignitions had been punched and the license plates stolen from each car. In addition, two vehicles were missing, from one of the vehicles, a 1968 car owned by Leo J. Mize Jr., a student. The car was stolen from Lot 7. The other car, a 1971, was owned by Richard Marion, assistant director of the University Center. The car was taken from Lot 1.

Authorities say there were eight auto thefts within a ten-day period, and speculate that a group of professional auto thieves is operating at the campus.

Hard hats for street workers

A series of recommendations for safety measures in Granite City's sewage treatment and street departments—including a recommendation that street department workers add the use of hard hats as a protective measure—will be given full appliance by May 1, city officials reported last week.

The recommendations were sent to the city following an inspection by representatives of the Aetna Insurance Co. which carries the city's workers' compensation liability.

A total of 12 safety measures was recommended, three in the sewage treatment department and nine in the city street department.

In the sewage treatment department, the insurance company recommended that all electrical wiring in the repair shop in the main building should be corrected to provide third wire, grounding connections for all electrical receptacles, and that all electrical hand equipment be provided with three-wire grounded plugs.

In addition, the insurance engineer recommended that the belt drive on the exhaust fan in the repair shop should have a metal guard to prevent accidental contact with the belt drive; and that eye shields and a bench rest should be provided on the bench grinder.

grinder in the repair shop. Street department recommendations included:

1. Overhead protection should be provided on the Caterpillar tractor to prevent objects falling on the operator when he is engaged in building demolition, tree handling or similar activities.

2. Hand tools should be provided on the road grader to assist the operator to get in and out of the cab safely.

3. A tire cage should be installed in the garage and all employees in the garage should be instructed to use the cage when dismantling and blowing up truck tires.

4. Eye shields should be provided on the bench grinder in the repair shop.

5. All electrical tools in the garage should be provided with three-prong grounded plug-ins.

6. Grounded electrical receptacles should be provided in the garage.

7. A gas detector should be

obtained for use by the street department to be used to detect sewer gas or related gasses any time it is necessary for an employee to enter an enclosed sewer.

8. A fresh-air oxygen unit should be provided for street department crews working within a confined area.

9. The oxygen unit should be kept available at all times in the event a rescue attempt is necessary.

9. Approved hard hats should be worn by all street department personnel. The use of this protection should be required of all employees when they are engaged in work-related activities where there is danger from overhead flying objects, or in areas around construction work areas.

City Clerk Robert Stevens said the city's Safety Committee has considered the recommendations and agreed to undertake all of the measures. The insurance company asked that the steps be taken by May 1.

Optimists view films on 'Saturday at the Y'

Games, skits, songs, swimming have been some of the activities of more than 300 local Optimists and their children at the "Saturday at the Y" program sponsored by the Granite City Optimist Club.

Optimist Ray Smith and Michael H. Parry, program director of the local Optimists, showed sound movies of the children participating in the program at the Thursday noon meeting of the club in the Y.

Children from 12 different elementary and school areas invited to spend a Saturday at the YMCA, the cost being paid

from proceeds of the Camelot auction held recently. Schools that participated were Emerson, St. Joseph's, McKinley, Washington, Logan, Marshall and Lake.

President Dave Fox announced the club will hold a pancake day Sunday, April 28, at the Nameoki Recreation Center.

Retired Col. Charles Waters, former commander of the Granite City Army Installation, was a guest of Optimist Henry D. Karandjeff.

Responsible citizens goal of Scout program

"It's our goal to help educate and train our youth early so that they become responsible citizens with good character," Dr. Thomas Layloff said in announcing plans for the Uniwa (Quad-Cities) District meeting Thursday night at Tivoli Inn, Davenport, 1558 Johnson Road.

Dr. Layloff, who holds the

highest elected faculty position at St. Louis University (vice-chairman of the University

council), said he could not over-emphasize the importance of each Scout to the representative being in attendance so that the district committee can obtain a better picture of the needs of the Scouts in the area.

Layloff added that "Another

meeting might be working

toward this common cause with good local people. One of these persons, in addition to being a Scout, might be a magician, a

doctor, a chief of police, a

minister, school principal, a

professional photographer, a

housewife, a bus driver, all

concerned people wanting to

make a better place in which to live."

Dr. Layloff said the meeting

will start at 7 p.m. and end at 9

p.m. Dinner at 6:30 p.m. will be

optional.

Venice town budgets posted

Venice Township budgets totaling \$207,928 are on display for public inspection at the township office, 1502 Fifth St., Madison.

Budgets will be subject to public hearings March 26 and will be presented for approval by the Venice Town Board during the annual township meeting in the Venice City Hall April 1.

The new town fund budget totals \$82,240, a decrease of \$940 below last year's budget of \$83,180, while the general account budget increased at \$81,900, up from last year's \$74,952. The Illinois Municipal Retirement Fund budget is \$17,650, up \$7,400 from last year.

For road and bridge purposes, the township highway fund has budgeted a total of \$55,735, compared to last year's \$32,245. A balance of \$8,663 in last year's budget of federal revenue sharing funds for equipment and administration purposes in the road and bridge fund, has been

carried over to this year's appropriation bill.

The new town budget includes \$80,940 for administration, \$100 for elections and \$1,200 for communications.

Road and bridge fund items include \$15,100 for maintenance of roads, \$11,275 for oiling roads \$3,000 for the purchase of machinery, \$950 for prevention and expiration of weeds, \$5,100 for maintenance of roads and \$1,000 for contingencies.

Public hearings on the town fund and general administration fund will be held at 7:30 p.m. on March 26 at the town office and a hearing on the road and bridge fund is scheduled a half hour earlier at 7 p.m. on the same day.

Board action on the road and bridge fund budget will be taken during an election's meeting at 1:45 p.m. on April 9. Action on

the town and general assistance fund budget will be at 3 p.m. on the same day.

**Cong. Price opposed
by Bordeaux in March
19 primary election**

WILLIAM BORDEAUX

CONG. MELVIN PRICE

William Bordeaux, 27, of 206 Eastmor Drive, East Alton, is running in the Democratic primary election March 19 against veteran Congressman Melvin Price.

He holds a bachelor degree from California State University and a master degree from that university's Long Beach campus.

Currently employed as a substitute teacher in several school districts, he has been doing most of his campaign work in his spare time. He holds a degree in mathematics and has been trained as a "learning expert."

Bordeaux comments, "Less than half of the voters in a recent poll knew who I am or their congressman. Worse, the 535 members of Congress are of no interest to the vast majority of people they are elected by."

"The accomplishments of our government have been neglected by the people, and by elected officials as well."

"It is our only Congress. If you want to do something about this situation, you can and should do more."

"It is a mark of our nation's potential that we are a generation that has had to sacrifice so little to achieve so much lasting impact for the earth. It is time to assume the duties and responsibilities of government."

"It is with these thoughts that I seek a seat in government that would grease the governmental gears to once again start government working for the purposes and people for which it was designed."

"I am thankful to the 600 persons who signed my petition. I feel they were wise in supporting my constitutional right to have my name placed on the ballot."

Bordeaux continues, "I am aware of the typical reaction of those who aspire to elected positions. That is why I want to make clear to voters and non-voters that politics are not to my liking."

"Unfortunately, this is how our system presently operates, and it is necessary for a person unknown to the public to present himself and what he stands for."

"I assure the people that, if elected, I will do more pushing for myself while in office. No action that I take will be politically motivated or for political reasons."

"A wide-open operation of my government is what I do for the speaking for me. If I ran again, I would seek no other office, nor a position in any administration."

"It word be a full-time job with no pay contract—not to be shamed for personal reasons or ambitions."

"It would be a 365-day, 24-hour job. I would be in Washington at all times. Committee in session and would exercise my voice before the electorate on every occasion."

"When it is not in session, I would work with my staff on pressing matters to be taken up when the committee meets. I believe the people's business is an all-the-time business."

He has lived in the 23rd District for the past year and a half.

Bordeaux spent nearly two years as a full-time volunteer in the California primary campaign of Sen. George McGovern, 1972 Democratic Presidential nominee.

He cited the environment and population control as key issues.

AWARD RECIPIENT at a Tri-Cities Chapter, National Secretaries Association, dinner is Anne Smith (center), winner of the Lace award. At left is Lana Randolph, a new member, and at right is Eugene M. Verdu, speaker.

Secretaries name LACE winner

The Tri-Cities Chapter of the National Secretaries Association honored Mrs. Anne Smith of Belleville as the recipient of the annual "LACE Award" at a dinner meeting at Charlie's Restaurant.

Principal speaker at the event was Eugene M. Verdu, director of the Retired Senior Volunteer program, sponsored by Belleville Area College and the immediate supervisor of the award winner.

Verdu spoke on "Volunteerism" and how it enables an individual to find fulfillment in one's work.

"Involvement as a volunteer is for the working woman as well as a retired person," he said. "It is the dedicated persons who believe they are 'needed' for volunteer work should 'give up some aspect of their life to make room for such a rewarding and worthwhile experience.'

The LACE award is presented annually to a chapter member who qualifies. The acronym "Laced" by all members: Active in all chapter projects; Cooperative in all areas; and Enthusiastic about the National Secretaries Association and Tri-Cities chapter."

Precious honorees were Mary Sekukum, Dorothy Sivine, Helen Gieselman, Twila Edmonds, Charlotte Vugene, Bettie Davis, Joy Augbauer, Sunny Scruggs, Jane Davis, Mary Gain and Linda Fritchey. Salley Gracey, president, was in charge of the meeting and Peggy Moore, ways and means

Seaman Ripley joins crew of Macdonough

Seaman Richard Ripley, U.S. Navy, has been assigned to the guided missile ship USS Macdonough (Frigate, Va.). He will depart with the vessel next weekend for the U.S. Naval Base at Guantanamo Bay, Cuba.

The sailor is a son of Mr. and Mrs. Clyde C. Ripley, 2008 St. Clair Ave. He attended Granite City High School South prior to enlisting for a three-year tour of duty in the Navy last Oct. 26.

Seaman Ripley, 17, graduated from boot training at the Great Lakes Naval Training Center, Ill., on Jan. 11. Before joining the crew of the Macdonough, he was assigned the homeport of Charleston, S.C.

Emerson School carnival Friday

Handmade articles will be presented and prizes at the Emerson Parent-Teacher Association's "Winter Carnival" event, scheduled Friday evening at the school from 5 to 8:30.

Mrs. Brenda Kann, carnival chairman, said booths will feature such games as penny toss, "Jack be Nimble," grab bag, "wacky hospital," lollipop tree, a cake walk and fortune-telling.

Emerson Principal Alfred

Wilson and Jack Farrow, a lower intermediate teacher, will be in charge of a "Snow Ball" booth for Mrs. Kann.

Another skill contest will be directed by sixth grade pupils of Victor Popovsky.

Pizza, hot dogs and soda will be available at the refreshment stand available at nominal cost, according to Mrs. Janette Kienle, PTA president. All proceeds will directly benefit Emerson pupils, Mrs. Kann advised. A portion of the funds will finance field trips and the remainder will be used to

be offered in a "Country Store" booth, with all articles created by Emerson mothers and teachers, Mrs. Kienle said. Two special awards—a bride doll and a calendar watch—will be presented during the evening.

The carnival will be staged in the basement and first floor areas at Emerson School. The public is invited to participate.

All proceeds will directly benefit Emerson pupils, Mrs. Kann advised. A portion of the funds will finance field trips and the remainder will be used to

Legion party for hospitalized veterans

A party for veterans at Alton State Hospital will be hosted by the Tri-City American Legion Auxiliary Unit 113. It will be announced at a meeting last week at the Legion Hall, 1825 State St.

Mrs. Betty Howell and Mrs. Alice Klein, rehabilitation co-chairmen, said the hospitalized ex-service men will be served luncheon.

Baskets of fruit, tray favors and prizes for games will be donated, and a radio with a transistor pocket radio for each patient. About 30 veterans presently are at the hospital. Additional game items have been purchased for the hospital as part of the facility's

recreational program for veterans during their stay, the chairman said.

A donation from A. O. Smith Corp. to the 1973 Poppy Day campaign, especially for the veterans' program, helped to finance this week's party, it was announced.

Mrs. Luetta Durbin, Girls' State chairman, said two young women will be chosen to attend the annual Girls' State program, set this year from June 18 to 22, at McMurray College in Jacksonville, Ill.

The candidates will be selected from both South and North High schools, Mrs. Durbin advised.

Members voted a donation to the Granite City Scholarship Foundation and plans were completed for a fashion show, scheduled Saturday at the Post 113 Legion Hall.

Mrs. Henrietta Ann Graham, show chairman, and Mrs.

Job's Daughters honor parents

With the theme "We Love and Respect Our Parents," Job's Daughters of Bethel 43 honored their mothers and fathers last week in a special program at the Masonic Temple.

Members were advised that "Royalty Night" will be observed Tuesday at Columbia Bethel with honored queen and queen and junior princesses to serve.

Also planned was participation in a "Grand Pilgrimage," scheduled Thursday evening at the Masonic Rite Cathedral, Belleville. Honored Queen Joy Pope of Bethel 43 will take part, it was announced.

Those honored at the meeting included: Past honored queen, Mrs. Eleanor Todoroff; Miss Kristina Christich, director of music, and Miss Becky Graham, worthy matron and mother of Bethel 43.

Members were advised that Mrs. McClinton and Mrs. Betty McClinton of Granite Chapter 650, Order of Eastern Star; Mrs. Rebecca Slaten, guidance, and Dr. Alfred Rode, associate pastor of Bethel 43; Leslie Houser, representative of Illinois to Delaware; and Debbie Trokey, honorary state outer guard.

Mrs. Alene Graham invited all mothers to join the Mothers Club and remarks were made

by past honored queens, Mrs. Eleanor Todoroff, Mrs. Kristina Christich, Mrs. Betty McClinton and Mrs. Graham. The Mothers Club presented the Bethel with a gift.

In business reported at the meeting, a beginners class on knitting has started with five girls learning how to knit on Saturday afternoons. Bethel members also went to the Ice Capades at the St. Louis Arena and a candy sales fund raising project was reported progressing well.

Refreshments were served to over 55 members and visitors.

Opti-Mrs. install at luncheon

Crocheted straw hats in light colors centered in the tables in the Rooming House Restaurant, Collinsville, for the installation luncheon last week of the Noon-Day Opti-Mrs. Club.

An arrangement on the main table was a circle of flowers in a large green candle holder.

Assisting Mrs. Sternberg were Mrs. Nelson, Mrs. J. Wallace Wyman, Mrs. J. Dempsey and Mrs. Harry Odum.

Others installed for one year terms were: Mrs. David

Brooks, vice-president; Mrs. Francis McGinnis, secretary; and Mrs. Victor Anderson, treasurer.

Board members include Mrs. Dale Arnette, Mrs. B. C. O'Neill and Mrs. P. Lewis Frazer.

Assisting Mrs. Sternberg were Mrs. Nelson, Mrs. J. Wallace Wyman, Mrs. J. Dempsey and Mrs. Harry Odum.

Following the installation ceremony, Mrs. Sternberg read a brief history of the club and extended special recognition to charter members present.

including Mrs. Wyman, Mrs. Odum, Mrs. Sam Meyer and Mrs. Irby Todd.

John Lenz, a past president, was present. Letters were read from other past presidents who could not attend.

Cards were played after the meeting and prizes were awarded to Mrs. Sternberg, Ted Aufderheide, Mrs. Odum, Carl Mathias, Paulita Mueller, Arthur Roseman, McGinnis, Lenz and Elmer Branding.

Also present were Mesdames William Beatty, Joan Kaseberg, Kim Kirchoff, Teresa Beatty, Bob Mallory and Frank Mercer.

Josephine Koch is bride-to-be

Dr. Felicia Koch announced the engagement of her daughter, Miss Josephine Michel Koch, to Richard Bollman Jr., at a family dinner given Sunday at the Koch home, 2941 Edison Ave.

The bride-to-be is a daughter of the late Dr. Joseph Koch.

She is a graduate of St. Teresa Academy, East St. Louis and attended the College of the Holy Names, Oakland, Calif. She will graduate in June from Southern Illinois University at Edwardsville with a B.A. degree in psychology.

Her fiance is a son of Mrs. James R. Bollman Sr. of St. Louis and the late James R. Bollman. He attended Rosary High School, St. Louis and received a B.S. degree in electrical engineering at the University of Missouri at Rolla.

The groomed presently is employed at Zinsco Electrical Product, St. Louis.

A late summer wedding is being planned by the betrothed couple.

Autumn Bride-Elect. Miss Josephine Michel Koch, whose mother, Dr. Felicia Koch, is announcing her engagement to Richard Bollman Jr. also is a daughter of the late Dr. Joseph Koch.

3 contenders for Chouteau area County Board Democratic nominee

ALBERT E. DOERR

Albert E. Doerr, 60, incumbent member of the Madison County Board from District 14 in the Chouteau-Mitchell area, is one of three seeking the Democratic nomination for that office March 19.

"The people come first," he commented. For 24 years, he has served as the Democratic committeeman for Chouteau Township Precinct Two. He has been a leader in organizing Democratic clubs and organizations throughout Madison County.

He is district chairman of the North Central Democrats' Committee and also a 14-year member of the executive board of the Madison County Central Democratic Committee.

Doerr was educated in Alton elementary schools, graduated from Alton High School and attended Shurtleff College for two years, majoring in business administration.

He has been a resident of South Roxana for 29 years and is employed as a laboratory technician at Shell Oil Co., Wood River.

Doerr is a member of Local 525 Operating Engineers; charter member and organizer of the South Roxana Fire District, of which he is president; charter member of the Dads' Club; member of Franklin Masonic Lodge 25 and Plaza Lodge 27.

He served 10 years as chairman of the South Roxana cancer drive and five years as head of the heart fund.

Doerr was born in St. Louis. During World War II, he was employed at the Ordnance Corp. for 12 years as a supervisor.

He and his wife, Beatrice, are members of the United Church of Christ Evangelical in Alton. They have three married daughters and one son, John Edward Doerr, 22.

Doerr has been active in developing the county park system.

PASSENGER INJURED

Carla Krauskopf, 17, of 1608 Mitchell Ave., reportedly suffered an injury while a passenger in an auto operated by Theron J. McNeal, 36, of St. Louis, whose vehicle was involved in an accident at Nameoki Road and Washington Avenue at 2:30 p.m. Saturday. Driver of the second auto was Jose M. Mendoza, 72, of 880 Niedringhaus Ave.

DAMAGE: CHURCH SIGN
Vandals caused damage estimated at more than \$300 to a front sign and rear window at the Good Shepherd United Methodist Church, 3025 National Ave., the pastor, Rev. Gene Marill, reported at 11:15 a.m. Saturday.

WALTER "DICK" SPARKS

Walter "Dick" Sparks, 62, Chouteau Township supervisor and former member of the previous County Board of Supervisors, seeks the Democratic nomination this month to run for the Madison County Board in District 16.

He relates, "I have lived at 615 W. Main, Pittsfield, Illinois since 1947. I have been married to my wife, Laverna, 41 years. We have two children, Katerine and Jimmie."

"I am a member of Masonic Lodge 99 in Edwardsville, member of the Mississippi Valley Consistory, Mitchell Presbyterian Church, Township Officials of Illinois and other fraternal and civic organizations."

"I have been a member of organized labor all of my working life. I am presently a member of Teamsters Local 971," Sparks said.

"I own and operate D & J Mobil Service, in Granite City. If elected, I intend to withdraw from taking a daily active part in the business to be able to spend more time to my township and county business and activities."

"I believe I am better qualified to serve on the County Board than my opponents for several reasons."

"(1) Being supervisor seven years and town clerk nine years in Chouteau Township and serving on the County Board five years has given me an opportunity to learn how government operates."

"In times like now—with so much mistrust in governmental officials—I believe it is important that we elect people who are not involved in all governmental dealings, and not be working for their own political benefit, as some do."

"(2) I am chairman of the Four Township Sewer Planning Committee. We are doing everything possible to get our project started as soon as possible."

"Without federal and state funds, we will be unable to have sewers in all of our area. The cost would be too great for home owners to pay each month. We are meeting with state and federal people as often as we can try and get funding as soon as possible."

"When we get funds, we will have all the necessary planning and other work done to proceed with the project as soon as possible."

"(3) I am not one for making promises that I am not sure I can keep, but I will promise this—I will do my best. I will listen to everyone's questions and answer them to the best of my knowledge."

"(4) I believe government is getting too costly for average people. If I am elected I

WILLIAM THOELKE

William H. Thoelke, one of three seeking the Democratic nomination in the Chouteau Township—District 16, party spokesman, states that his first concern as a member would be the local residents' opinions on local and county issues.

He and his wife, Barbara, have lived in Edwardsville since 1947. They have lived here since 1960 when they bought the Chain of Rocks Motel in District 16.

Thoelke completed his education at Chester, Ill., in 1938. His family moved to Brentwood, Mo., where he finished high school.

Thoelke completed his education at the University of Missouri in 1952. After graduation, he entered the Army and served during the Korean era from 1956 to 1959. He then worked as a Shell Oil representative until 1960.

He has been active in community events and was the recipient of the Jaycees "young man of the year" award in 1965.

Thoelke is Democratic committeeman of Chouteau Precinct Four, president of the Chouteau Lions Club and a director of the Tri-Cities Area Chamber of Commerce.

He is past president of the Illinois Motel and Hotel Association and presently is on its board of directors.

Thoelke says he has "the time available, the energy, the concern and the integrity to be a strong County Board member."

He has the support of organized labor.

A past president of the Granite City Rotary Club, Thoelke served as general chairman of its yearly horse show, a fund project to help financially strapped schools.

He has been active in promoting tourism through the Chamber of Commerce and regional and state organizations.

His affiliations have included the YMCA board, the Union Boy Scout District, Elks Lodge 106, and the Mitchell Parent-Teacher Association.

Mr. Thoelke is presently ill.

An inquiry is pending.

Karns unopposed Dixon seeking a second term as state treasurer

John M. Karns Jr. of Belleville is unopposed in the Democratic primary election March 19 for one of the two Appellate judicial positions to be voted on in the Fifth Judicial District, a 37-county area embracing all of Southern Illinois, including the Quad-Cities.

No Republican filed for the post, Karns seeks, but one could be nominated by write-in votes this month to oppose him in November.

He commented to the Press-Record: "As you know, there are two vacancies on the court. For the first time, judicial candidates will be nominated in the regular, party primaries rather than party caucuses."

"I am a delegate to the Sixth Illinois Constitutional Convention. I proposed the constitutional provision prohibiting judicial nomination by closed party caucuses so that voters in each party would have the right to select judicial candidates."

"I can state that I have been urged to seek this office by many lawyers throughout Southern Illinois."

"Briefly, I am a graduate of the University of Illinois (B.A., 1950), and Harvard University School of Law (LL.B., 1953).

JOHN M. KARNS JR.

"I have practiced law in St. Clair County since 1953 and was recently elected president of the St. Clair County Bar Association for 1973-1974.

"I served two terms as state's attorney for St. Clair County from 1960 to 1968.

"I am presently one of two members of the Democratic National Committee from Southern Illinois."

Karns is the senior member of the Karns, Starnes, Nester and Stegmyer law firm in Belleville.

Alan J. Dixon, 46, Belleville, state treasurer of Illinois for the past four years, is seeking a second term this year. He is unopposed for the office in the March 19 Democratic primary voting.

An attorney, businessman, been a leader and member of his party on the floor of the State Senate, he initially won elective office at age 21.

In 1950, at age 23, he was elected to the State House of Representatives, and was the youngest member of the Illinois legislature.

He won the Independent Voters of Illinois "outstanding legislator award" on three occasions.

He has over a quarter-century of public service and has won every elective office that he has sought.

Dixon was re-elected to the House for five consecutive terms (1952-1960) and served on many committees.

He was chairman of the House Judiciary Committee in 1959 and 1961.

It was during this time

Tax tip—State income tax law allows no itemized deductions

Because the Illinois Income Tax Act does not allow you to take itemized deductions, the starting point for the determination of your 1973 Illinois income tax is always gross income and not federal income.

This should be entered on line 1 of your Illinois Form IL-1040-1. It is pointed out by Harvey L. Coustan, chairman, Taxation Committee, Illinois Society of Certified Public Accountants.

Certain modifications to this amount may then be necessary to compute Illinois "base income."

If you have received interest from municipal bonds which was excluded from your federal return, you must report this amount for Illinois purposes, he said.

To the extent you have excluded qualifying dividends on your federal return, this must also be added back for Illinois purposes.

Finally, one-half of long-term capital gains deducted on your federal return must also be added back in preparing your Illinois return.

You may exclude interest

GRANITE CITY PRESS-RECORD
Page 18 Mon., Mar. 4, 1974

received on U.S. Government obligations such as Treasury bonds, bills or notes. This amount is an Illinois subtraction.

After making these modifications, you have arrived at your Illinois return.

Full year residents now merely subtract \$1,000 for each exemption claimed on their federal returns and calculate the tax at 2 1/2 per cent.

Remember to take credit for Illinois taxes paid by your employer during the year and sums you may have prepaid directly, Coustan says.

Part-year residents and nonresidents must proportion the \$1,000 exemptions based on the ratio of Illinois base income to total income. This is done on Schedule NR.

An important point to remember is to read the instructions carefully. Certain schedules may be required from the federal return.

Without them, the refund may be delayed because the return cannot be processed.

HOME BURGLARIZED

Items worth more than \$200 were stolen from the home of Harry Troha, 1423 Washington Ave., it was reported at 1:05 p.m. Thursday. Taken were a laptop computer, a slide projector, a film editor and a .22 caliber rifle with a scope.

POSSESSION CHARGED

William J. Owens, 24, of 484 Redwood Lane, was arrested yesterday after his car was stopped by police in the 1700 block of Madison Avenue at 1:30 a.m. Friday. Owens was charged with illegal possession of a hypodermic syringe.

OFFICIAL BEGINNING of Explorer Post 10-4 took place in October 1969 at a Madison Lion's club meeting when Mayor Mike Sasyk, then president of the board of police commissioners, made a motion, seconded by Ed Ray Dubish, center, that the Lions sponsor the group. Mrs. Mike Sasyk, representing her husband, and Dubish, received appreciation awards for their continued support of the Explorer program in Madison from Bob Rogers, right, chairman of the adult committee, at a family night dinner last week attended by nearly 200 Explorers, their families and post committee members.

"SUPER" A WARDS were presented last week to Madison Chief of Police Frank Dukko, left, and Advisor J. Richard Hooks, center, by Bill Weidner, right, president of Explorer Post 10-4. The post is sponsored by the Madison Police Department and the Lions Club. The "Super Chief" and "Super Advisor" award are decanters shaped and painted to resemble Mack Sennett's "Keystone Cops." Dukko and Hooks were cited for their continued support of Post 10-4 since its organization in October 1969.

City qualifies for U.S. treatment plant funds

Granite City has applied for its first portion of federal grant money to help build the city's secondary sewage treatment plant on the Granite City Army Installation grounds.

An application for \$900,000 as the city's first allocation under an overall \$10 million grant has been filed with the federal Environmental Protection Agency, according to Mayor Paul Schulz and Alderman R. E. Robertson, chairman of the City Council's Pollution Plant Committee.

At the same time, the city completed an agreement under which the Illinois Power Co. will construct a new distribution and expanded power facilities to meet the need of the additional treatment plant facilities.

Under the new agreement,

city approximately \$35,000. The city, however, retains the right to pay back its original agreement with the Army which makes the city responsible for the cost of relocating lines at any future time.

Schulz said the major saving to the city will be in the savings of the cost of the power plant by the power company to provide the extra power that will be needed for operation of the secondary plant.

Under the new agreement, com-

plaints, or any other information, to the state or state government documents, will be entitled to a refund claim for the state of Illinois with the date of each publication and number of copies printed.

No such publication may have written, stamped or printed thereon, or attached thereto, "Compliments of... (naming a person)" nor any words of similar import.

No 'compliments' allowed on free state documents

It is illegal for political candidates, or any other individual, to put away state government documents with their compliments, Michael J. Howlett, secretary of state, warned Friday.

Howlett said publications such as The Constitution of the State, the Code of the United States and The Handbook of Illinois Government may be obtained directly from his office, at no charge, by any citizen.

8 from here enlist in Navy

Chief Petty Officer Roger Sears of the Navy recruiting office, Granite City, announced today the names of young men from the Quad-City area who have enlisted in the Navy.

John Allen, son of Mr. and Mrs. Fredrick Allen, 2320 Arnold Drive. He chose the nuclear field for vocational training and will report for duty in June.

Larry Griffin, son of Mr. and Mrs. Lawrence Griffin, 3020 Willow Ave. He chose the advanced electronics field and will report for duty in August.

Dennis Dierich, son of Mr. and Mrs. Robert Dierich, 2661 Lincoln Ave., chose the medical field. He is also in the buddy program with Griffin. They will attend basic training together.

David Lindsay, son of Credo Lindsay, 2000 10th St., will receive basic training in San Diego, Calif., beginning in August.

Keith McMullen, son of Mr. and Mrs. Clarence McMullen, 1416 Eighth St., Madison, enlisted in the two-year reserve program. He will leave for training in September.

Jeffrey Schleicher, son of Michael Schleicher, selected advanced electronics and will leave for training in August.

Richard Ruhl, son of Mr. and Mrs. Robert Ruhl, 2215 Edison Ave., chose basic training in the nuclear reserve program, and will receive his recruit training at Great Lakes, Ill.

Mike Jay Phillips, son of Mr. and Mrs. Leon Phillips, 2001 E. 24th St., reported to Great Lakes, Ill. for basic training. He will receive training as an operations specialist in the Navy.

Chief Sears said that the Cache Plan providing a 180-day delay has been provided for those desiring to enlist but not wanting to report for active duty immediately. The delay allows men and women to tie up loose ends and also come as time in service for pay purposes.

Rites today for Morell Peterson

City gets sewer repair aid

An allocation of \$100,000 in federal funds to aid in repair of broken sewer lines was received by City Treasurer Paul Rutledge today, averting a city budget shortage that would have affected the city's February claims and payrolls in tonight's City Council meeting.

The allocation received today was approved several months ago. Its receipt followed an announcement last week that the U.S. Office of Emergency Preparedness had approved another \$100,000 allocation, bringing it to approximately \$625,000 the total amount of

Vernon, Ill., and was affiliated with the Methodist Church in Decatur.

Surviving are two sisters: Mrs. Elizabeth Spangler of Taylorville, Ill., and Mrs. Gladys Shepherd of Mount Auburn. There is one brother, Thomas Wade of Mount Auburn.

Funeral services were held yesterday. Details are given in the obituary column.

Funds sought for sewer repair work under the flood disaster relief act.

The money received today brings to \$250,000 the amount of money actually received. Rutledge said. The city has received \$140,000 in general repairs so far in its current fiscal year.

Rutledge said the city would have been in financial trouble if the \$100,000 had not been received today. The city is confronted with a financial crisis because of the high cost of sewer repairs which have been paid out of general funds.

Mrs. Carrie Sugg, 83, dies

Mrs. Carrie C. Sugg, 83, of 1681 Third St., Madison, died at 3:30 p.m. Friday at the Colonades Nursing Home, where she had been residing since Oct. 10, 1973.

A native of Addieville, Ind., Mrs. Sugg resided in the city for 70 years.

She was a member of Eagles Auxiliary 126 and Royal Neighbors of America.

Her husband, Vern Sugg, died

in November 1972.

Surviving are two sons, Richard Hendricks of Granite City and Robert Hendricks of Florissant, Mo.; a daughter, Mrs. William T. (Arletta) Reynolds of Granite City; one step-daughter, Mrs. John T. Tamm of Belleville; two grandsons and eight great-grandchildren.

Funeral services were held today. Details are given in the obituary column.

New officers for Lutheran Guild

until Palm Sunday, the officers reported.

Role call was answered by each member donating a hand towel and dish cloth to the church kitchen and a letter was read to Mrs. Jim Dior, a missionary family in Africa, to conclude the meeting.

Also present were Rev. Paul Azari, Betty Hackney, Esther Papp, Sandy McMillan, Diane Severine and Pal McMillan.

The group will meet again March 28.

politicians or politics? It's been said by so many before, but I'll try again.

"The only way you'll know is to try me. As you can see, I'm not a very smart guy. I do intend to keep probing."

"I would rather discuss issues than people, so if Mr. O'Neill will answer my questions I will release him to you more."

"Our state is in a mess. Someone not under pressure is going to have to clean it up."

No. 49 34 3 4

MADISON COUNTY
ZONING ORDINANCE
BOARD OF APPEALS
Notice of Public Hearing

Notice is hereby given that the above named Board of Appeals, established under the Madison County Zoning Ordinance, will hold a Public Hearing on the 26th day of March, 1974, at the time and place as noted below for the purpose of hearing testimony for and/or against the following proposed change in the above named Ordinance.

At 10:30 A.M. on the petition of

Mathew Kozak, Owner of Record, requesting a Special Use Permit as per Article XI Section 7 of the Madison County Zoning Ordinance, that has our best interest in mind, pertaining to co-ordinating the committees between themselves and the County Board, do away with the over-lapping Authority and unnecessary per diem expenses. I think this will be the first cut; instead of cutting jobs and services as my opponent has stated would be necessary because of the

time involved in the

variance.

The Hearing will be held at the above described site.
